

High load magnesium gummies

by using H&F Apple Pectin Classic AS 519

Magnesium gummies are on trend, and an increasing number of consumers are choosing functional gummies to cover their daily magnesium intake in a convenient way. H&F Apple Pectin Classic AS 519 is particularly suitable for the production of both sugar-containing and sugarfree gummies allowing very high magnesium contents.

The combination of health-promoting effects and delicious taste make magnesium gummies the ideal choice for a modern lifestyle. With H&F Pectin Apple Classic AS 519, magnesium gummies with a high active ingredient content can be produced without compromising on taste or texture.

Advantages of H&F Apple Pectin Classic AS 519

- Allows very high magnesium inclusions
- Easy to use, plant based gelling system
- Multifunctional buffer system
- No additional buffers, like added sodium citrate, required
- Suitable for sugar-free gummies
- For heat-stable gummies (doesn't melt at higher temperatures)

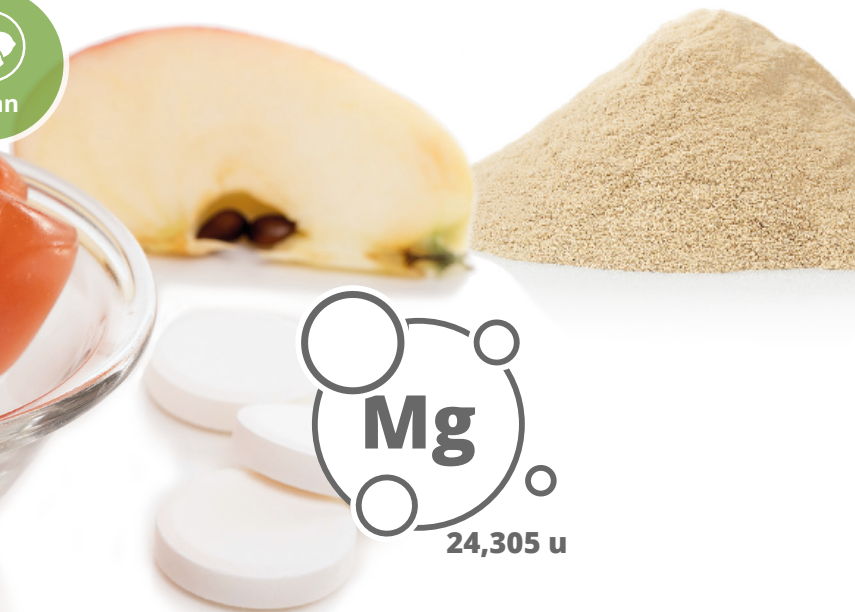

Advantages of magnesium

- Supports muscle and nerve function
- Contributes to the maintenance of healthy bones
- Supports the body in coping with stress
- Promotes relaxation and well-being
- Supports restful sleep
